

Our Nursing program is renowned for its innovation in nursing education. We are committed to preparing our students for real-life practice in an increasingly challenging, complex healthcare system.

In our state-of-the-art learning environment, classroom and laboratory experiences include integrated simulation, combined with clinical fieldwork in Montreal-area hospitals. Students practice in a wide range of specialties. The hours spent in the clinical setting gradually increase so that, by the third year, students spend much of their time in a hospital setting integrating all that they have learned.

The three-year Nursing Program is based on a conceptual framework adopted by John Abbott College Nursing department, which is designed to meet the nursing competencies as outlined by the *Ministère de l'éducation et de l'enseignement supérieur*.

THIS PROGRAM IS FOR YOU IF...

- You care about people and enjoy working with others.
- You are trustworthy and accountable.
- You have good communication and interpersonal skills.
- You have good observation and problem solving skills.

WHAT DISTINGUISHES THE PROGRAM OFFERED AT JAC FROM OTHERS LIKE IT?

The goal of our Nursing program is to educate students in meeting the challenges of this demanding profession. Classroom and laboratory experiences include integrated simulation and technology, combined with clinical fieldwork in Montreal-area hospitals. Nursing students study in specialties ranging from medicine, surgery, rehabilitation, geriatrics, obstetrics, psychiatry and pediatrics.

The hours spent in the clinical setting gradually increase so that by the third year, students spend much of their time in a hospital setting integrating their knowledge and skills acquired throughout the program.

ADMISSION REQUIREMENTS

DES

+ Science EST 4 or SE 4

+ Sec. 5 Chemistry

+ Mathematics TS 4 is strongly recommended

PROGRAM PLANNER

FIRST SEMESTER

603-101-MQ	English
109-1__-MQ	Physical Education
__-__-__-__	Complementary Course
101-805-AB	Human Anatomy and Physiology 1
350-803-AB	Developmental Psychology
180-10D-AB	Nursing 1: Introduction to Nursing 1

•For more information about our professional integration program for internationally educated nurses and refresher program for registered nurses refer to the Centre for Continuing Education website.

WHERE NURSING CAN TAKE YOU!

The health care sector is actively searching for qualified candidates; job prospects are excellent. Graduates work in many healthcare settings, such as acute or chronic hospitals, rehabilitation centres, clinics and more.

Graduates of the program are expected to have the knowledge and abilities to practice nursing in a rapidly changing health care system, in a manner that is professional, ethical, caring and competent. They will function as collaborative members of the health care team, in accordance with the Québec Nurses Act. All graduates must pass *L'Ordre des infirmières et infirmiers du Québec* (OIIQ) licensing exam and meet *L'Office Québécois de la langue française* (OQLF) requirements to practice in Québec.

CEGEP-UNIVERSITY INTEGRATED NURSING PROGRAM (DEC-BN)

This five-year Integrated Nursing program is an opportunity for eligible graduates of the DEC program to complete a bachelor's degree in two years. The program builds on the college foundation and streamlines the university component.

HOW TO APPLY

John Abbott College is affiliated with the *Service régional d'admission du Montréal métropolitain* (SRAM) and uses its online application service.

To apply:

- complete the online application at admission.sram.qc.ca,
- select John Abbott College and the program of your choice along with the corresponding program number, and
- if applicable, send all required documents and the application fee.

Students whose prerequisites are more than five years old should contact the Admissions office.

The application deadline is March 1. All documents and payment must be submitted by the deadline.

Program start: fall
